Sequence of Pubertal Events—Average American Male

Adapted from Brookman RR, Rauh JL, Morrison JA, et al:
The Princeton Maturation Study, 1976, unpublished data for
adolescents in Cincinnati, Ohio.

*Testicular volume less than 4 cc using orchidometer (Prader Beads)
represents prepubertal stage.

Prader Beads may be obtained from M. Benesch,
Secretary to Professor Prader, Universitäts-Kinderklinik,
Steinwiesstrasse 75, CH-8032, Zurich, Switzerland.
Enclose check for 70 Swiss francs and allow 4 to 5 months for delivery.
