- Amy Armstrong, Administrative Assistant
- Jessica Cole, M.D., Administrative Assistant
- Amy Kearns, C-TAGME, Administrative Assistant
- Joanna McMinn, Administrative Assistant
- Jennifer Monson, Administrative Assistant

Undergraduate Shadowing (Pre-med):

- Pre-med student shadowing is coordinated centrally through the education offices by Jessica Cole for students who shadow department of pediatrics faculty.

Medical Students:

- Pediatrics is a required rotation for all medical students of the University Of Utah School Of Medicine. During the academic year nine to twenty 3rd and 4th year medical students rotate through Pediatrics at any one time. The rotations last from four to six weeks. Visiting medical students in their 4th year may also rotate through Pediatrics and work as subinterns on the pediatric teams at Primary Children’s Medical Center.
- Day-to-day coordination is handled by Dr. Brian Good and Jennifer Monson.
- Monies are managed centrally through the Education Enterprise.
Residents:

- Day-to-day operations and resident selection are directed by Dr. Bruce Herman and managed in the Residency Office by Jaime Bruse and Pamela Carpenter.
- Between late-October and early-February approximately 200 resident applicants are interviewed by Dr. Bruce Herman, and members of the Intern Selection Committee.
- The Program offers three different residencies and a Pediatric Neurology track:
  - Categorical Pediatrics **P**
  - Medicine/Pediatrics **MP** (Internal Medicine & Pediatrics)
  - Triple Board **TB** (Child Psychiatry, Adult Psychiatry & Pediatrics)
  - Pediatric Neurology **PN** (Pediatrics & Pediatric Neurology)

- The Residency Training Programs currently consist of:
  - 26 PGY-1 (21 P, 3 MP, 1 TB & 1 PN)
  - 24 PGY-2 (20 P, 2 MP, 1 TB & 1 PN)
  - 22 PGY-3 (18 P, 2 MP & 2 TB)
  -  6 PGY-4 (4 MP & 2 TB)
  -  2 PGY-5 (2 TB)

Fellows:

- Fellowships are currently offered in the following subspecialty divisions:
  - Cardiology
  - Child Abuse
  - Critical Care
  - Endocrinology
  - Emergency Medicine
  - Gastroenterology
  - Genetics
  - Global Health
  - Hematology/Oncology
  - Hospitalist Medicine
  - Infectious Disease
  - Neurology
  - Neonatology

- Recruitment for fellows is coordinated within each division and centrally for smaller programs (Endocrinology, Child Abuse, Gastroenterology, Infectious Diseases and Hematology/Oncology) by Pamela Carpenter and Amy Armstrong.
